

BEST SOFTWARE APPS FOR WINDOWS XP (Download files from – www.cnet.com)

1. **CCleaner**... Cleans your computer of all those Temporary Internet Files, Cookies, Recent Documents, Clipboard data, Prefetch Data, Log Files and many more unnecessary files. This is the best App to use to keep your computer running smoothly and saving disk space.
2. **Ad-Aware**... Ad-Aware is a multi-trackware detection and removal utility (designed for Windows 98 / 98SE / ME / NT40 / 2000 / XP Home / XP Pro) that will comprehensively scan your memory, registry, hard, removable and optical drives for known Datamining, aggressive advertising, Parasites, Scumware, Keylogger, selected traditional Trojans, Dialers, Malware, Browser hijackers, and tracking components.
3. **Spybot**... Detects and removes spyware, a relatively new kind of threat not yet covered by common anti-virus applications.
4. **ScreenHunter**... One of the easiest to use screen capture programs.
5. **ListFonts**... This program will search your entire computer and then list all the 'fonts' you have in an easy to read format. This is great when you need a certain type of font style in a Word document.
6. **FileZilla**... This is the best FTP program to use when you finish creating your web site and need to upload it to the Host Server. Simple to use.
7. **Convert**... This App converts units (mm to inches, miles to feet, etc.) from one type to another. Very nice format.
8. **Picasa2**... This program searches your computer for all images and presents them in an organized format.
9. **BelarcAdvisor**... This powerful program searches your computer and then displays every detail about your hardware and software.
10. **Zoomit**... This App lets you zoom in on anything displayed in your internet browser.
11. **Auslogics Disk Defrag**... One of the best hard disk defragmenter you'll find.
12. **Bitpim**... Very good app for getting photos and data off your old cellphone.
13. **progeCAD 2009 Smart**... This is a great AutoCad clone program. If you know how to use AutoCad then you'll have a zero learning curve with progeCad 2009 Smart - AND it's Free.
14. **Malwarebytes**... One of the best Anti-Malware programs for weeding out those hidden viruses and malware programs.
15. **PhotoScape**... A very good program to display all the photos on your hard drive.
